Proud to Offer
INDUSTRY LEADING CUSTOMER SERVICE

QUALITY PRICE SELECTION

NCI
NORTH CENTRAL
INDUSTRIES, INC.

Welcome!

2025 marks the 70th Anniversary for NCI. Please find enclosed our selection of new & featured items that we are proud to present. Whether you are a veteran customer with NCI or checking us out for the first time, rest assured that our innovative products and convenient service options will make buying the best fireworks available a breeze. Our experienced and knowledgeable staff will be eager to assist you in completing your order.

We're excited about a fantastic line up of new items that include new varieties of compound finale cakes, girandola items, unique drone style novelties, and an incredible new halo effect cake. Combine that with our talent in finding new effects as well as items with exceptional value, we are proud to continue showcasing the cream of the crop when it comes to consumer fireworks. An honorable mention is the 25th Anniversary of the Predator artillery shells. Look for an exciting new red, white, & blue themed holographic package for select varieties available this year.

Chain Link Fireworks are here to stay with over 20 unique items. We are offering a new "splitter" cake with the Chain Link technology, that will allow splitting single firing lines to multiple firing lines. These 500, 360 and 200 Gram cakes allow the end-user to link all varieties of cakes together without the need for fusing to create a unique show that has limitless possibilities.

The Fire Factory brand is the fastest-growing line of quality fireworks products in the industry. We listened to the feedback that we received and have added more innovative Fire Factory items for 2025, bringing the total items to choose from over 100 items. This line is a major success because it checks all the boxes of unique performance, attractive packaging, and an unbelievably reasonable cost.

Our online ordering portal has received positive reviews and will continue to be available. This puts our customers in the driver's seat allowing them vision into our live inventory and items that are in transit. We've gone to extreme lengths to ensure our warehouses are fully stocked heading into the summer selling season. It is our advice to place orders early, in order to get the products you desire while they are available. Our long-standing relationships with the best suppliers and shipping vendors have allowed us to keep our full line of products in stock.

Finally, our core principles of providing the highest quality products at competitive prices and unmatched customer service are what set NCI apart from the competition. The warehouses are stocked, and our trucks are ready. We look forward to earning your business!

Sincerely,

Richard B. Shields
